*One of this years biggest decisions for the "Class of 1986" was to choose a person who we felt deserved our special acknowledgement in the yearbook.*

*He has given us throughout our stay here at Independence encouragement, motivation, and inspiration. As an advisor, he is always there when we need him, and taught us how to advise others when he can't be there. He is also a community leader that everyone respects, including all the*

*Alumni from I.H.S. as well as this years graduating class. He helped make I.H.S. what it was in the beginning, what it is now, and what it shall be for a long time, the best high school in the country.*

*We the graduating class of "86" wish to show our gratitude to you by giving you the Senior Dedication of this years Tenth Anniversary addition of the American to you Mr. Mike Gibeu. Thanks for everything.*

From these ten years Independence has grown into a small community, giving the students the best four years to remember for the rest of their lives. Each year Independence High School builds something new for the students, so they can be proud of the school they go to. Its been ten years now, and I have a lot to be proud of. Thank you!*

*Ten Years of Excellence means ten years of growing. Independence is one of the finest schools in all of California. With the 4,000 students you would think that there would be nobody that cares about IHS. Thats not true. Everybody puts together to make this school be what it is today. In my opinion, that's what Independence and Ten Years of Excellence means to me.*

News leads pica scales features plate-up sports headlines layouts editorials and publication.

Putting out a newspaper is hard work, anxiety and joy. Staff members work hard getting in touch with sources and writing stories. They fill the anxiety of meeting deadlines and getting copy typeset and pasted up in time to get them printed and distributed on the publication date. Then there's the joy of seeing their stories in print with their by-line under the headline. In 1985/86 the Liberty staff covered the celebration of Independence High School's ten-year anniversary, homecoming activities, teacher contract negotiations, students' reactions to the explosion of the Space Shuttle Challenger, dedication of the Lois Yadao Theater, student awards, sports events, and many other events that affected students at I.H.S. The Liberty Staff experienced challenge, learning, work, fun, friendship, laughter and accomplishment. All of us here at I.H.S. would like to thank the Liberty Staff for their hard work and achievement in successfully giving us the news and up-dates of the campus surrounding us and all of the other events around us.

The enthusiasm and spirit that is brought out from the crowd at football, basketball, and soccer games is proudly reflected upon the Varsity cheerleading squad. They attended U.C. Santa Cruz for cheerleading camp and showed their best abilities, in return was rewarded with ribbons, spirit sticks, and a trophy.

Through their outstanding efforts, perfection does show.

Dear Lisa!—
can you believe it's almost over? 4 whole years - Isn't it funny how time just flies by. Thanx for always being there when I needed you and for being such a great friend. I only wish that things would've worked out for you + Sean, but maybe it's for the better. Whoever you get with will be the luckiest guy in the world! Thanx again for everything! Best of luck in all that you do + in the future!

During this year's Jack Emery Drive, we did more than just collect cans.

We contributed over $1500.00 to the Mexican Relief Fund, and donated 500 toys to Toys for Tots.

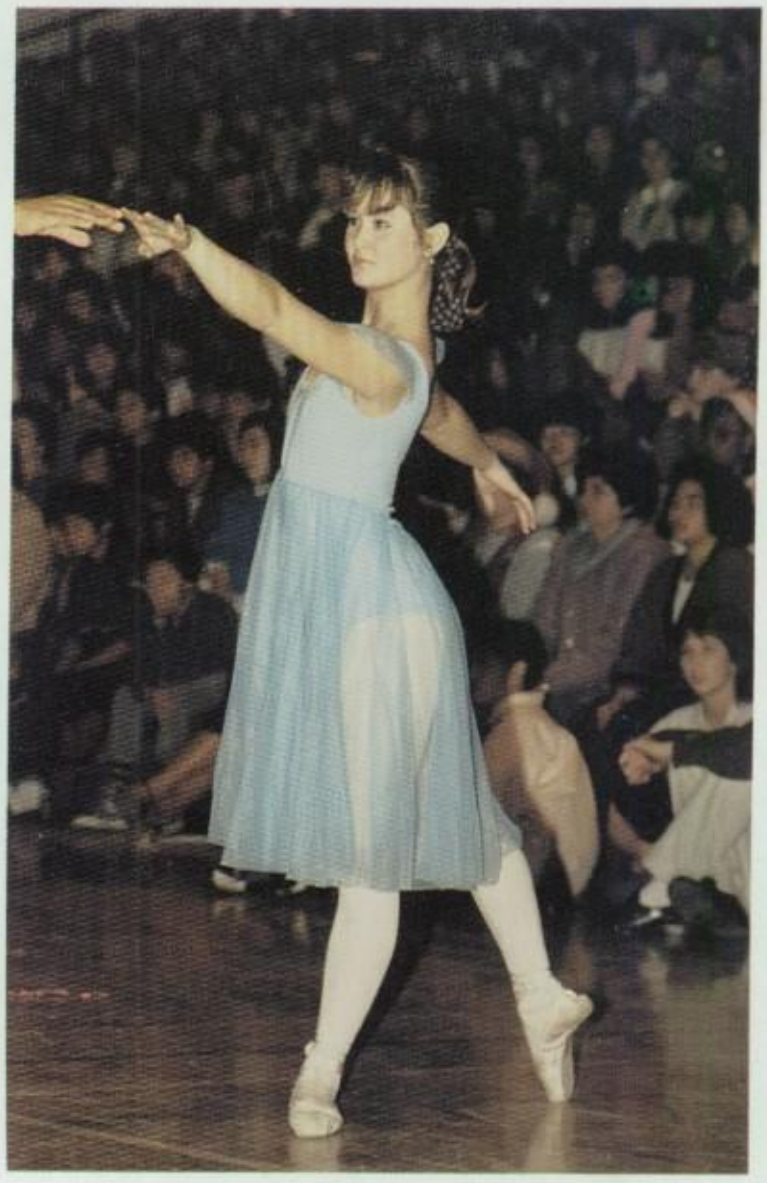
We took food, candy, bread, and other gifts to children centers and to W.O.I.M.A., an organization for battered women and children.

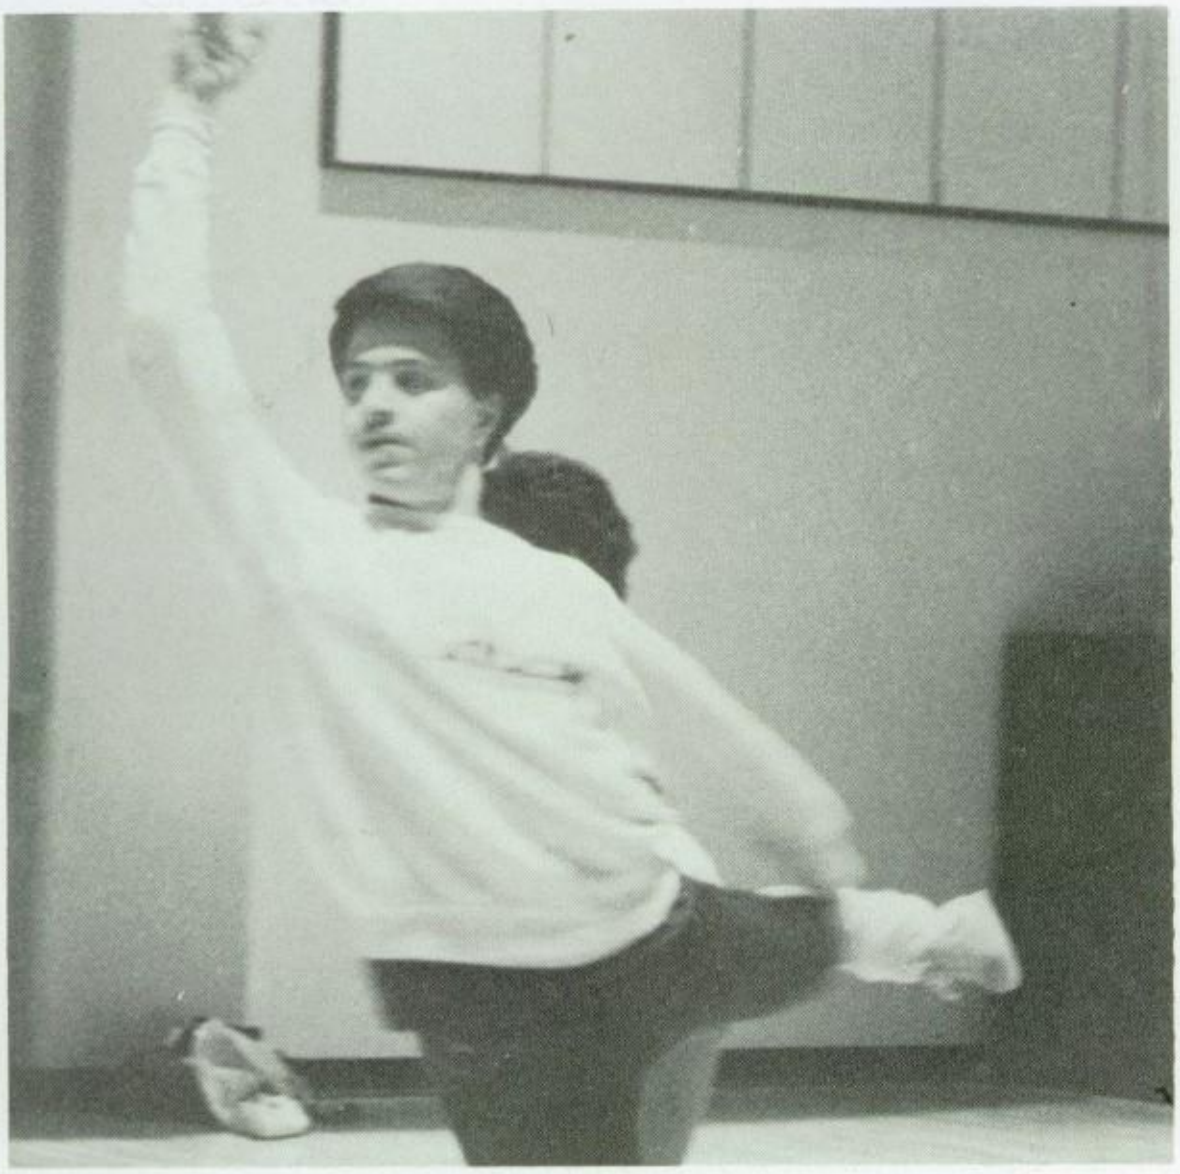
We organized six teams of I.H.S. students to take needy children out to lunch, to see Santa, and to buy them a Christmas gift.

We brought the children from our own Child Care Center to our Jack Emery rallies and gave them each a coloring book, candy cane, and a balloon. For them we made a wish come true.

We also had our annual blood drive in which students and staff here at I.H.S. generously gave.

All in all, we collected 33,000 cans for the needy, which was not our original goal, but was greatly appreciated. We would like to thank all who participated and gave to the most productive year at Independence High School.





*For the dancers in Dance Concert, work started on the first day of school. It continued for three months of intense rehearsals. These dancers gave up much of their free time to put on a show of variety dance types. When the show went on in November, all those rehearsals paid off.*

This years Pep Club hopes that they helped to start a stronger tradition of spirit that will live on here at IHS for years to come.*

*Vietnamese student population is very high, this club is close knit and becoming larger every year. They participate in the food fair and multicultural week, which they enjoy doing not only to promote but to celebrate.*

With many fluent Spanish speaking people on campus, the club has a wide-spread of bilingual students. This can help in coming foreign language studenst to comprehend language easier.

The Black Student Union is a very large and active group consisting of students, teachers, and helpful parents. The main goal of the B.S.U. is to promote leadership skills and develop a sense of unity among everyone. The B.S.U. has become stronger through the years, and they have been commended on having strong leaders. This group is one of the many clubs that is growing and maturing.

An important aspect that the Filipino club emphasises on is getting the youths of our school involved with its culture and unity amongst each other. A high light that is a big attraction during the winter carnival is their national food which they cook and sell every year.

This years Girls Track Team should have an excellent year. Although the team is very young, mostly Freshmen and Sophomores, there is a lot of Talent. We don't have the depth or experience in the sprints to put together a great relay team, but last years record setting State Meet Team was an exception.

This years team is led by Sophomore Sprinter and Triple Jump School Record Holder Stephanie Lampkin. Sophomore Patricia Hodge should have an excellent year in the 400 meters, 300 meter hurdles and mile relay. Junior Jackie Riley is an outstanding long jumper and solid sprinter who should have a fine year. Sophomore Charlotte Sneed will again place high among the Area High Jumpers. Junior Brandi Wood — a transfer from Canada is an excellent thrower in the shot put and discus. She leads a fine group made up of Sheila Galuppo, Jennifer McGoff, Denise Eckherdt, Erin Kreitler, Sara Weiss, and Vicki Lenarwick. Freshman Lu Cheri Grant shows great potential as a hurdler and long sprinter. Sophomores Kim Coyne, Kim Godwin, Debbie Bedal and Senior Andrea Sanchez make up a very strong distance group that will always score points in dual meets.

During the past five years our track teams have established a winning tradition. They have won five straight Central Coast section Championships.

This years team has set it's sights on winning a sixth C.C.S. Championship. With dedication, and the will to survive, this years team could be the greatest team ever at Independence H.S.

Leading the 76'ers will be track captain Billy Gaines, who should emerge as this years, "Trackman of the Year".

Other team standouts are: David Bultman, Steve Kemp, Benari Burrowehs, John Montgomery, Greg Mahan, Chris Coleman, Hector Sequirios, and Dave Kopec.

This years soccer season was divided into three distinct parts. In the pre-season we had an up and down experience. We had to blend many inexperienced athletes in with experienced athletes, which cost us some games. Schedule difficulties in the beginning of league play caused a similar result. The end of the season climaxed with some league complications and player injuries. However, we were able to cope with all of those problems and finished the season with a very respectable league record of nine wins and four losses. Although we didn't reach our goal of making the NAIA playoffs, many of our players were recognized as superior by the leagues coaches. Selected for the first all-league team were Pedro Cabrera, Carlos Brasil, and Mike Little. Selected for the second team were Eddie Silva, Rick Diaz, AJ Silva, and Mark Carrasco. Honorable mentions went to Jason Frese, Mike Pereira, Jaime Hernandez, and Rene Salazar.

The Fremont football team won the Mt. Hamilton Athletic League Championship. The team was undefeated and untied, the offense scored 336 points and the defense yielded only 56 points, including two shutouts.

Coach Bill Wright installed a multiple offense that became stronger as the season progressed. Key offensive players were Mike Little (MVP), Hector Squarros, Kim McKelvey, David Morgan, and Corey Ncewonger.

The offensive and defensive line coached by David Chadd was very inexperienced. Players such as Alejandro Marquez (MVP), Ed Gutierrez, Phil McCall, Victor Fung and Mike Holmon became more confident and skilled with each game. By the end of the season both offensive and defensive teams were playing excellent football.

The final game was the culmination of hard work and dedication. The Silvers played an unbeaten Oak Grove team that had averaged more than 30 points per game. In a hard fought battle the Mens emerged the winner to conclude a perfect season.

An attitude of teamwork prevailed all season and other players to be recognized are Shawn Mosley, Darren Baja, Bob Redmar, John Broberg, Francisco Dao, Mike Mazur, John Miranda, Eric Bell, Duong Vu, Colby Glass, and Isaac Shaw.

*Co-editor of the 1985-86 American ... Wow!! I hadn't realized what I was in for when I accepted this position: layouts, ideas, pictures, body copy, signatures, week-ends, all this in preparation for a DEADLINE. Despite all these responsibilities, I loved it!! Good luck to next year's editor, I have a feeling that you're going to do a wonderful job. To quote last year's editor Francisco Espinoza, "I hope you all enjoy this book as much as I and the staff have enjoyed putting it together." There was another person that helped a whole lot and that was Mike Lema. A stranger at the beginning of the year has become a good friend.*

*Thanks to the staff for making it fun and for working hard in reaching those deadlines. Mike Lema, what can I say Mr. Editor? I couldn't have done it without you my friend. *My senior year is coming to an end and soon I will be out on my own. Before my junior year ended, Paul Ender, the yearbook advisor, asked me if I wanted to be the yearbook editor for 1985-86. I felt honored. At that time I wasn't thinking of how many responsibilities came with the book. After coming down from cloud 9, Ender told me that there was going to be another editor to help me in the big task that we were taking on. That other person was Brenda Limon. We didn't know each other so we didn't know how each other's style was. Well Brenda, what can I say? Good luck to next year's editor! Yearbook is DEADLINES, hardwork, and dedication. I hope you enjoy this book as much as the staff, Brenda, and I have enjoyed putting it together for you. I would like to thank the staff, Brenda, but most of all I would like to thank Mr. Paul Ender for making all of this possible for me! Thanks!*

*This years 1985-86 American yearbook staff has decided to dedicate this years yearbook to a man who we feel best represents this years theme "Ten Years of Excellence".*

*Even though he has taken on a very difficult job, he does it with compassion as well as firmness. To most of us he is a father figure, tough when we are in the wrong and understanding and supportive when we need help. Everyone here at I.H.S. appreciates his hard work, interests in students, and involvement in school activities.*

*This years yearbook staff wants him to know that we feel he truly represents the meaning of the word "Excellence". Mr. Joe Mosley you make I.H.S. work.*

Lisa, (Lips as Heath would say)

God, I'm so proud of you. You've made it and without struggling. You said right through it and have had alot of time to party with us. Now I'll be the big, bad Senior you once were and the one to party. I'm glad that we were able to become good friends this little time that we've known each other, cause last year I could have sworn you disliked me for some reason or another. I may have ... you through ... it was up ... both you and I to my own friendship as soon as we both did. Thank for being there with my little big problem about you know who cause it was a secret that I was definately ...
